This home is highly energy efficient. Over \$30,000 in savings per 10 years on your utility bills. Plus, tens of thousands of dollars more over the lifetime of the home. EPA certified Energy Star. This home is healthy to live in. Free up to 99% of mold, allergen, bacteria, and viruses. EPA indoor airPLUS certified.

Stay Safe. Build your family shelter. This home you can build with super insulated, steel reinforced, solid poured concrete ICF walls. Hurricane, tornado impact resistant up to 200 MPH, fire retardant up to 4 hours, sound suppressant. Rated Superior Construction for substantially lower insurance premiums.

Luxury interior features. High ceiling. Open & airy living & dining areas, plus the gourmet kitchen including granite countertops, and big island make this split floor plan both classy & cozy. Master suite is a true Florida oasis, with large closet and a spacious master bath! Tile and laminate flooring throughout. Large bright room with double glass "French" doors, 8 feet high, opening onto the veranda and the same high doors from the Master bedroom.

Your major benefits of investing in Green home: in addition to being healthy and economical, this home is built with sustainable construction technologies, that will keep your home competitive in the future housing market with newly built homes. Buying a Green home, you are making the best investment for your family.
